# 3-D Seahorse

Designed by Pam of Chicago, Illinois

Level: Advanced

Fin

Tail

Ears Make 2
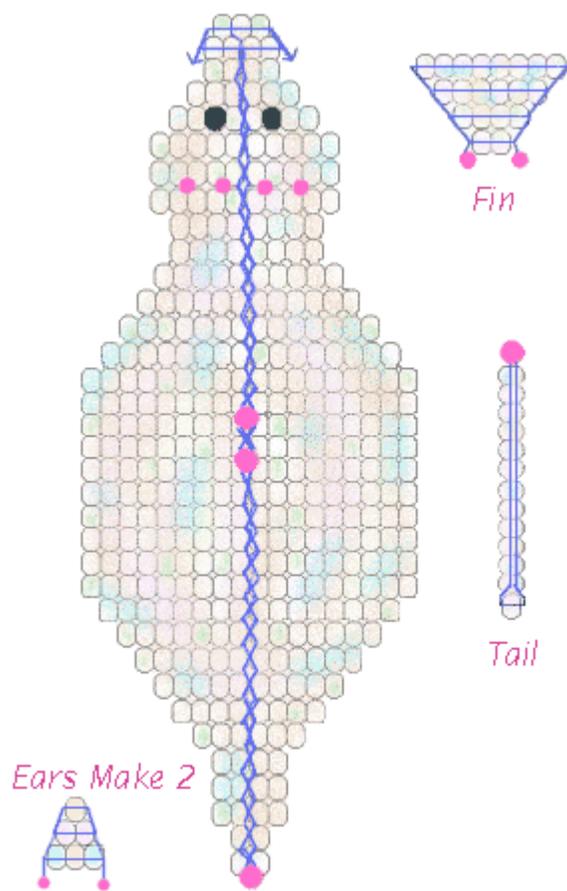

**Materials:**
- 8 yds. cord or wire
- 1 lanyard hook or keyring
- 2 black pony beads
- 228 transparent pony beads in assorted pastel colors

**Special Instructions:** Wire is better for this pattern due to the size. Make sure to wire the spine as you go, twisting after each row. Attach the fin, tail and ear sections at the dots. To finish the animal, wire the sides together to make the animal three-dimensional.
