## Bat

Level: Advanced

For help with the ears and wings, see the [Illustrated Penguin Directions](#)

### Materials:

- 4 yards cord or plastic lacing
- 110 black pony beads
- 2 red pony beads
- 6 white pony beads

Special Instructions: To make the wing, string 38 beads onto 1 strand of cord. Put the cord back through the 36th and 37th beads (in that order), going in the opposite direction. Put the cord back through the 34th and 35th beads (in that order), going in the opposite direction. Continue restringing the beads in this fashion until you have finished 4 rows of three beads. Then add 3 new black beads as shown. This will add the bend in the bat's wing. Continue restringing the rest of the wing, following the pattern.
