Valentine Cupid Arrow

designed by Kathy

Level: Medium

Materials:

- 1 yard ribbon or cord for arrow
- 1 yard ribbon or cord for heart
- 35 red pony beads
- 26 glow-in-the-dark pony beads (shown as yellowish in picture)
- pipe cleaner

Special Instructions:

Make each of the patterns separately. The arrow has no lanyard hook. The heart is made with a lanyard hook, and then the hook is hooked to the shaft of the arrow. Cut pipe cleaner and insert pieces in the quivers (the sets of three beads coming out on the sides of the arrow). Bend the quivers back to stay as they are in the drawing.
